

# The + Battery Factory.

presents

## **Tessellate**

A festival celebrating Movement, Theatre and Making

Wednesday, June 21 - Sunday, June 25, 2017

UW-Milwaukee's Kenilworth Square East studios and theatre.

### ***Commissions***

The Battery Factory will commission (3) NEW pieces of theatre from local artists. Fees paid to the makers range from \$700 to \$1,200. These pieces will premiere during the festival alongside other events to include:

- New theatre pieces by nationally renown theatre makers.
- 20for20 that unites emerging artists with established and senior artists to create a new work in 20 hours.
- 20under20 a new work developed by students under 20 years of age.

### ***Tessellate - binding multiple elements to create a whole***

This festival will present and support development of new work which celebrates the infinite and enduring agility and energy of theatre. Tessellate also supports theatre that embraces limited resources in exchange for the potential to be responsive to the current moment. Tessellate looks to theatre to inspire meaningful conversation about the boundaries that separate us, and the forces that bind us together.

### ***Partners***

UW-Milwaukee Peck School of the Arts Theatre  
The Field Milwaukee

### ***About The Battery Factory***

The Battery Factory is a non-profit that ignites the creation of new works of art and new ways of working in the arts in Greater Milwaukee.
